HTML 500
OR
HTML 150
(DEPENDING ON WHERE YOU ARE)

APOLOGIES

REASONS
I'M GIVING THIS PRESENTATION

- To prove that anyone can give a presentation

- To explore the idea of expanding the scope of presentation topics

- It ties in nicely to some other presentations about static websites

- To give the regular presenters a break

WHAT IS HTML 500

- HTML 500 is a free annual workshop put on by Lighthouse Labs that is intended to introduce people to HTML and teach them the basics of coding in it.

- HTML 500 events are for 500 participants.

  Vancouver   Toronto

- HTML 150 events are for 150 to 200 participants

  Montreal   Calgary   Halifax   Ottawa

  Saskatoon   Victoria   London

GETTING INTO THE EVENT

GETTING YOUR INVITATION

1. Find out about the event

2. Register

3. Wait until the registration period is over

4. Hope your name name gets chosen

5. If you're lucky, receive your invitation

6. If your less lucky, go on the waiting list

7. No luck at all, wait until next your or learn on your own

MY FIRST RESPONSE

We're sorry, Bruce.
We've received your application, and would like to thank you for registering for the HTML150! We've had an overwhelming response with over 800 registrations for the Ottawa event alone and at this point we regret to inform you that we are unable to offer you a seat at the event.

What next?
You're on the waitlist.
We would have loved to extend an invite to everyone that registered but unfortunately, we only have room for 150 people!

Your name has been place on a waitlist for the Ottawa event on March 4th. What does that mean? It means that if any of the lucky selected attendees are unable to attend we'll open the spots to wait-listers as they become available. You can expect to hear from us the week of the event.

Regardless, this is not the end of your learn-to-code journey! We want you to have access to the same learning-resources as attendees at the HTML500 & HTML150, which is why you can expect copies of the slide-deck, curriculum, and an e-learning resource that will help get you started right away.

Stay tuned, we'll be sure to let you know if seats become available!

MY NEXT EMAIL

🍀 It's your lucky day Bruce.

A few seats have opened up for the HTML150 Ottawa and one of them has your name on it! Consider this your official invite to participate in Canada's largest free learn to code initiative.

First things first. Some details.
Lighthouse Labs, TELUS Digital, Invest Ottawa and all of our partners are so excited to have you come learn at the HTML150. We've got an action packed day for you and are SO excited to see you on **Saturday, March 4th** at The Innovation Centre at Bayview Yards. Registration will open at **9:30 AM.**

BUT I STILL NEEDED A TICKET

- These were done by Picatic

PREPARATION

- What to bring:

  - Laptop computer

  - Water bottle

- On the computer:

  - Atom by GitHub

  - Download files in advance

THE EVENT ITSELF

- Location:

  Innovation Centre at Bayview Yards, 7 Bayview Road, Ottawa, ON K1Y 2C5

- The other attendees

  - Different professions, different reasons

- The support

  - The mentors

  - The infrastructure for the event

- The pomp and circumstance

  - Speachifying

WHAT DID WE LEARN
OR MORE PRECISELY, WHAT WAS TAUGHT…

- HTML

  - in this case it was HTML5

- CSS

World's Ugliest HTML Webpage
